## Mark your Social Calendar – you don't want to miss this event

**S**outh Africa's **Vanessa Venter**, the Head Bio Sculpture International Educator, will be visiting Canada from April 19 to April 23, 2010. Vanessa will launch the most elegant and luxurious Bio Sculpture Spa Line that the industry has seen to date. Bio Sculpture is also launching a new range of Treatment Gels to coincide with Vanessa's visit.

A prestigious business luncheon is planned for Wednesday, April 21, 2010 in the Convention Centre, Burlington, Ontario and nail technicians, aestheticians, salon owners, beauty schools students, instructors, in fact anyone in the Beauty Industry are invited to register to attend this function. Complete your Registration Form and fax to 1866-338-3456 if you want to attend. For additional registration forms, please contact your Salon Consultant or Bio Sculpture's office at 1877-424-6435 x 1 (Laura) to request a registration form. Alternatively, you may email [Laura@biosculpturenails.com](mailto:Laura@biosculpturenails.com). We need to have the final number by March 31, 2010.

We have also invited the most influential Beauty Editors from the largest circulation glossy Magazines that are distributed to the end user: our clients and our prospective clients, to this business luncheon where Vanessa will give a talk on the positioning of Bio Sculpture in the Nail Industry (Leading Nail Care) and then get onto the topic of a "No Damage to natural nails" philosophy, colour aesthetics and other salient features about our International Brand. Make use of this great opportunity to learn firsthand what is cutting edge in the nail Industry while networking with colleagues and the media. Bio Sculpture Canada is looking forward to entertain you!

Vanessa is just returning from an extensive visit to countries such as Australia, Great Britain, Ireland, Spain, Sweden, Scandinavia, Japan, France, Belgium, the Netherlands and the United States to name a few.

We sincerely thank Vanessa for taking time out of her hectic schedule to make another stop-over in Canada before she returns to her family in South Africa.
